**Prisoner Who Was Given Freedom  
of Jail and Vicinity Takes  
Advantage of Confidence**

### IS ARRESTED AT RICHMOND

**Probably Lessens Chances of Parole  
Which Had Been Recommend-  
ed by the Court**

Newton Casey, serving a long term in the county jail for "boot-legging," broke his record as a model prisoner and probably smashed his chance of an early release, by escaping last night. Casey got only as far as Richmond where he was arrested as he was leaving the train. Sheriff Cavitt left for Richmond this afternoon and expected to be back here with the prisoner late this afternoon.

The action of Casey came as a surprise to his friends and the court officials. The governor had been interested in his case and had promised to give it some attention following the election. Casey's brother in Henry county had promised to take him there and it was upon this that Judge Sparks recommended to the governor that Casey be allowed to go.

With possibly two or three weeks yet to remain in jail awaiting the action of the governor, Casey packed his clothing and left the city. It is stated that he was taken in an automobile to the McMillin stop on the Pennsylvania railway where he caught the northbound evening train for Richmond. His absence from the jail was detected about six o'clock last night. Sheriff Cavitt immediately became suspicious and after a search of the premises and a visit up town he decided that Casey had skipped out.

Casey has a daughter in Richmond and Sheriff Cavitt immediately called the sheriff of Wayne county. At about eight o'clock word came that the officials there had Casey.

Local officials can't understand Casey's action in trying to escape. The sheriff has shown Casey every consideration. Recently Casey's health began to fail again and Sheriff Cavitt asked Judge Sparks if he might not be given the freedom of the jail and permitted to go in the open in the vicinity of the jail. Judge Sparks, not desiring to persecute Casey gave this permission and Casey has had his freedom in and around the jail.

He has done little odd jobs around the jail for the exercise that the work would give him. He has never once intimated that he would attempt to gain his freedom by running away. Sheriff Cavitt trusted Casey and that his confidence was misplaced is shown by Casey's action. Casey's time is up the latter part of December and had the governor acted favorably he would have gotten out at least a month sooner.

Officials today were busy trying to obtain some information as to who drove Casey to the McMillin stop. Severe punishment awaits the person or persons that aided Casey in escaping. Several clues have developed and an arrest or two would not be surprising.

Judge Sparks stated today that he was not at liberty to say what he would do in the case. He was asked if he would withdraw his recommendation to the governor and stated that he could not say at this time.

**C. W. Fairbanks Rushes to Indiana-  
polis Because of Mother's Death**

(By United Press.)

Indianapolis, Ind., Oct. 31.—Charles W. Fairbanks, republican nominee for vice-president, was expected to arrive home today to attend the funeral of his mother, Mrs. Mary Adelaide Smith-Fairbanks, age 87, who died suddenly at the home of her son last night.

Fairbanks was campaigning at Rockford, Ill., when word was sent to him of his mother's death. He cancelled speaking engagements and started for Indianapolis.

## RURAL CARRIER IN A NARROW ESCAPE

**Brace Rod on Side-Car Attachment  
of Lon Kennedy's Motorcycle  
Breaks, Throwing Him in Ditch**

### THE MACHINE PINS HIM DOWN

Lon Kennedy, rural mail carrier on route No. 6, had a narrow escape from serious injury yesterday while carrying the mail when the brace rod on the side-car attachment of his motorcycle broke and threw him in the ditch, with the motorcycle on top of him. But good fortune smiled on him and within a minute after the accident two men passed and lifted the machine off his body. He could not move and would have been compelled to lie in the ditch all day with the motorcycle resting across his shoulders if the two men had not been passing. Mr. Kennedy did not learn their names.

The accident happened about a half mile west of the house occupied by Bert Newkirk, on the Gowdy farm, between here and Arlington. The brace rod broke just as Mr. Kennedy was crossing a north-and-south road which intersects the pike. The motorcycle veered to the side and ran off the end of a culvert, turning end over end and pinning Mr. Kennedy under it. His mail was scattered all over the road, but he did not have much as he was nearing the end of his route.

## SAYS ADAMSON LAW IS POLITICAL MOVE

**William Henry, Secretary of Social-  
ist Party, Declares President  
Hoped to Gain Votes With It**

### TALKS AT COURT HOUSE HERE

Charging that President Wilson conceived the Adamson law as a political measure at a time when his presidential chances seemed to be wavering, thinking, through this medium, to get a popular vote which otherwise would have been thrown to other candidates, William Henry, secretary of the Socialist party, of Indianapolis, addressed a socialist meeting at the assembly room of the court house last night.

"I took this bill to some of the best lawyers in Indianapolis whom I know to be good lawyers," said Mr. Henry, "and I say to you the men got skinned. Ask the average man what the law means and he can't tell you. He'll try, but he can't."

The speaker also criticized the republican party and attacked Charles E. Hughes, the republican candidate for president. Other democratic legislation came in for a bitter arraignment. He denounced the rural credits bill as a mere expedient to catch the farmer vote. A crowd of possibly fifty men attended the meeting.

## DECLARES BAKER COINED PHRASES

**G. W. Potter of New York, Says  
Secretary of War Admitted he  
Knew Nothing About War**

### SPEAKS TO MILROY AUDIENCE

**Declares Every School Boy Knows  
That "he Kept us Out of War"  
is a False Phrase**

Declaring that it was Newton Baker, secretary of war, who coined the democratic campaign slogans of "he kept us out of war" and "Wilson and the Underwood tariff are responsible for the present prosperity," George W. Potter of Jamestown, New York, addressed a republican meeting at Milroy last night.

The speaker declared that he had been acquainted with Baker for fifteen years. He stated that he was the visionary advisor to the late Tom Johnson, mayor of Cleveland and admitted to his friends when appointed to the president's cabinet that he did not know a thing about army affairs.

"He became the spokesman of the democratic party," said Mr. Potter, "and within the last ten days has become another Burchard by his unpatriotic comparisons of Washington's soldiers to the Mexican bandits."

"Every school boy knows that the phrase 'he kept us out of war' is false and any thinking man knows that the horrible war is responsible for the prosperity. But in spite of this Baker said use the slogans and we will win. As a matter of fact we have had the war with Mexico for the past three and one-half years, and even tonight our men are encamped on Mexican soil. The thinking man knows that the Underwood tariff law was killing the prosperity of the country until the war came. You remember that during the first eighteen months of the Wilson administration that thousands of men were out of work. Europe is now taking our product but still they give Wilson and the Underwood law the credit."

The speaker read figures to show the increase in exports directly due to the war. While all of the exports are not munitions the great majority are used in carrying on the war. Mr. Potter told of the effect of the Underwood law on the lumber industry in Oregon and Washington and declared that within thirty days after the passage of the law all of the shingle mills and lumber mills in these two states were closed and all of the business was being done by the mills in British Columbia where the labor was cheap, underpaid Oriental labor, thus making it impossible for the American to compete with them.

"When Wilson took office what happened?" he asked. "Congress passed the Underwood bill throttling the prosperity of the country, which closed the factories and threw two million of men out of work. Then the democrats blundered along and finally the greatest blunder occurred when congress was coerced and compelled to pass the so-called eight hour law which was wanted by one-tenth of one per cent of the people of the country."

The speaker stated that Woodrow Wilson has gone back on his own views regarding the tariff question. He stated that in volumes four, five and six of his history of the American people he shows that every democratic administration from Jefferson's first to Cleveland's last had been failures because of their free-trade policy. He then showed why the south is and always has been for free trade, declaring that with the cheap underpaid laborers there the north and south were not equally

## YOUNG MEN WILL STAGE BIG RALLY

**Hughes Hustlers of Sixth District  
Prepare for Big Demonstration  
Here Thursday Night**

### LIBERTY DRUM CORPS COMING

**J. O. Batchelor, Mayor of Marion  
and Former Progressive Can-  
didate for Congress to Speak**

Arrangements are going steadily forward for the district meeting of the young men's republican clubs to be held here Thursday night. The Hughes Hustlers of the county are busy on the final arrangements and it is certain that every county in the district will be well represented.

One of the features will be the parade. Each delegation will be given a place in the parade and there will be plenty of drum corps and bands. Word was received today from Liberty that the Union county delegation would bring along their drum corps. This is probably the best drum corps in the entire district. It is composed of thirty members. Local people recall seeing this organization in the big Watson parade a week ago tonight in Richmond. The speaker of the evening will be J. O. Batchelor, mayor of Marion, Indiana. Mayor Batchelor was a progressive in 1912 and at one time was a candidate for congress on the progressive ticket from that district. Preceding the speaking a novel entertainment is planned, which will include singing and a number of other musical selections.

The local republicans are working hard to make the meeting a success. The speaking is open to the public, and everyone is invited to participate in the parade. The committee in charge of the parade is formulating plans for this event. The line of march will be announced shortly.

Cecil Tague, chairman of the Sixth District Young Men's clubs has been in every county in the district and stated today that the young men of every county are showing an interest in the meeting and all of the organizations have promised to send delegations.

The local club has precinct captains in every precinct in the county and these members will act on the reception committee. Chairman Denning has urged that each captain appoint one or two assistants for this occasion. Other district meetings have proven a success and it is hoped to have the meeting here surpass all others.

The closing event of the campaign will come on Saturday night when Senator L. Y. Sherman of Illinois will speak. Both of these meetings are scheduled for the Graham Annex auditorium. The Saturday night meeting will be a big rally and will come as a fitting close to the campaign.

## NO CATTLEGUARDS THERE

**W. A. Alexander Alleges That is  
Reason His Cow Was Killed**

The killing of a cow by a C. I. & W. passenger train on May 1, 1915 was made the basis of a damage suit filed today in circuit court by William A. Alexander. He demands \$65. It is alleged that on this day a wind storm blew a gate open on the Alexander farm and permitted the cow to get out into the highway and later on the right-of-way of the railway where she was killed. The plaintiff alleges that the railway company was negligent in not providing the proper cattle guards where the railroad crosses the highway.

## SEEKS CUSTODY OF HIS THREE CHILDREN

**Alfred McDonald, by Habeas Corpus  
Proceedings, Endeavors in Court  
to Take Them From Home**

### CASE IS UNDER ADVISEMENT

The habeas corpus proceedings of Alfred McDonald of Connersville against T. H. Dunn, superintendent of the Soldiers' and Sailors' orphans' home at Knightstown, in which McDonald is attempting to get his three children from the custody of the home officials, were heard today in circuit court before Judge Sparks. The case was taken under advisement.

Under the terms of a divorce decree entered in the Fayette circuit court McDonald was given the custody of his children. Prior to the divorce his wife had placed three of the children in the Knightstown home and now McDonald claims that he is in a position to care for them. He testified that the officials of the home told him he could have the children just as soon as he was ready to provide a home for them. He testified that the officials of the home told him he could have the children just as soon as he was ready to provide a home for them.

McDonald formerly lived here and was employed at the Arbuckle foundry.

## SAYS GERMANY WILL DISAVOW THE ACTS

**Berlin Officials at Washington De-  
clare Government Will Offer  
Reparation**

### IF THEY SANK TWO VESSELS

(By United Press.)

Washington, Oct. 31.—If the British ships Marina and Rowanmore were sunk by a German submarine commander or commanders in violation of Germany's pledges regarding submarine warfare, the German government will disavow the act, offer reparation and punish the commander or commanders, German officials in Washington said today.

German officials pointed out that in the case of the Marina, which was reported to have been attacked first by gunfire without warning, that the method of attack was in itself a warning and they suggested that if the vessel was torpedoed before the crew was able to leave the ship it probably was because she failed to stop.

Secretary of State Lansing said today official reports regarding the sinking of the Marina are not conclusive.

Ralph Gross of Falmouth underwent an operation yesterday at the Sexton sanatorium for appendicitis.

## HUGHES REPLIES TO MAN IN CROWD

**Nominee Tells Heckler at Columbus  
He Favors Maintenance of  
Rights of Neutrals**

### INCLUDING THAT OF TRAVEL

**Should Also Maintain Integrity of  
International Law When Great  
War Rages**

BY PERRY ARNOLD  
(U. P. Staff Correspondent.)

Columbus, Ind., Oct. 31.—Heckled by a spectator who said he was a "personal admirer," Governor Hughes today declared in answer to a question of whether he would favor or oppose an embargo against shipment of munitions or the passage of the McLeMore resolution warning Americans:

"I am in favor of the maintenance of every right, including the right of travel and the right of shipment. It is a very important right that we have as a neutral nation and it is very important at this time. When the great war is raging we should vindicate neutral rights and maintain the integrity of international law. To my mind it is a thoughtless policy that would surrender any of these important rights because of any sentimental consideration when we have the vast necessity of neutral commerce and the importance of the right of neutrals to consider with respect to the future of the United States."

"In all these matters we are looking far into the future. We must consider our place as a great nation devoted to the interests of peace. When the crisis arrives we may ourselves—though heaven forbid—be involved in difficulties when the rights are of the utmost importance. We should have the right to buy. We must maintain the right to buy. We have the need and in the absence of a merchant marine such as we should have—we have the need of utilizing the facilities of travel and we must protect American citizens."

## HUGHES TRAIN STOPS TO CROSS C. H. & O.

**Otherwise Special Carrying Presi-  
dential Nominee Went on as if  
There Was no City**

### SHOWER OF STICKERS HERE

The special train carrying Charles Evans Hughes, republican candidate for president, and his party, did stop in Rushville, the republican state committee, the republican national committee and all other committees notwithstanding.

There is a power that is higher—it is the rule that a Pennsylvania train shall stop before it crosses the C. H. & D. tracks here and that a C. H. & D. train shall stop before it crosses the Pennsylvania. That's a slender thread, but it may be said with impunity that the Hughes special did stop in Rushville.

There was a large crowd at the Pennsylvania station to watch the train of seven cars pull through. It did not even hesitate as it passed the station. A porter, the conductor, and a couple of newspaper correspondents threw thousands of stickers which said, "ELECT HUGHES," out at the crowd.

At all the street intersections where the Pennsylvania road passes through the city there were little knots of people to watch the train go puffing on its way towards southern Indiana where Hughes is making his farewell campaign in the state today and tomorrow.

## WASHINGTON AND LINCOLN PUT RIGHTEOUSNESS BEFORE PEACE.

The supporters of Mr. Wilson say that the American people should vote for him because he has kept us out of war. It is worth while to remember that this is a claim that cannot be advanced either on behalf of Washington or of Lincoln. Neither Washington nor Lincoln kept us out of war. Americans, and the people of the world at large, now reverence the memories of these two men because, and only because, they put righteousness before peace. They abhorred war. They shunned unjust or wanton or reckless war. But they possessed that stern valor of patriotism which bade them put duty first, not safety first, which bade them accept war rather than an unrighteous and disastrous peace. There were peace-at-any-price men in the days of Washington. They were the Tories. There were peace-at-any-price men in the days of Lincoln. They were the Copperheads. The men who now with timid hearts and quavering voices praise Mr. Wilson for having kept us out of war are the spiritual heirs of the Tories of 1776 and the Copperheads of 1864. The men who followed Washington at Trenton and Yorktown and who suffered with him through the winter at Valley Forge and the men who wore the Blue under Grant and the Gray under Lee were men of valor, who sacrificed everything to serve the right as it was given them to see the right. They spurned with contemptuous indignation the counsels of the feeble and cowardly folk who in their day spoke for peace-at-any-price. — From the Speech of Colonel Roosevelt at Battle Creek, Michigan, in Behalf of Mr. Hughes.

## Thinking For Themselves.

The average laboring man thinks for himself just as any other voter does when he goes into the booth and is alone with himself in determining who he shall vote for. For that very reason the talk about this and that organization being lined up for such and such a ticket is purely and simply campaign piffle of the worst sort.

Nothing is more overestimated than the alleged hold the democratic party has on organized labor. The average republican, discussing the prospects of a victory next Tuesday, always whispers in a husky voice, "Well, there's the labor vote."

The impression seems to be broadcast that the old politician, Sam Gompers, as president of the American Federation of Labor, has the organized labor of the country by the nose and that he can lead it around and make it vote anyway he pleases, which is always the straight democratic ticket.

But laboring men, just as any other class of men, have their convictions on public questions, as well as party affiliations. It is an insult to organized labor to insist that any party can control the vote of the whole body. Every now and then you read that such and such a body

## THE BATTLE CRY OF THE NEW FREEDOM

(With Apologies to George Frederick Root.)

(Copyright, 1916, by John T. McCutcheon.)

—Chicago Daily Tribune.

For he kept us out of war, boys, he'll always keep us out,  
Shouting the cry of watchful waiting,  
'Neath our flag of snowy white, we will be too proud to fight,  
Shouting the cry of watchful waiting.

## CHORUS.

The Union forever, hurrah, boys, hurrah!  
Down with the soldier, up with the pen.  
For he kept us out of war, boys, rally once again,  
Shouting the cry of watchful waiting.

When the sword is at our throat, he will write a little note,  
Shouting the cry of watchful waiting,  
For he kept us out of war, boys, he kept us out of war,  
Shouting the cry of watchful waiting.

Let your hearts with rapture burst as we sing of safety first,  
Shouting the cry of watchful waiting,  
When the hated foreign foes walk around upon our toes,  
We'll shout the cry of watchful waiting.

of workers is for Hughes, or Wilson, as the case may be.

In this connection, a communication by several telegraphers, printed in the Indianapolis Star takes exceptions to statements appearing recently, one declaring the telegraphers have endorsed Hughes and another that the "Telegraphers are in line for Wilson."

"While it is true," says the communication signed by the telegraphers mentioned, "that the A. F. of L. has endorsed Mr. Wilson, and while a very small portion of the membership, who usually allows someone else to do their thinking for them, will, for this reason, be led to support Mr. Wilson, yet we think it is safe to assume that the vast majority, representing the more intelligent portion, will use their own judgment and vote as they think best for their own interest, and Mr. Hughes and Mr. Benson will undoubtedly get their share."

## An Unprovoked Assault.

President Wilson has gone far out of his way to take an unprovoked slap at some 40,000 of the most substantial and high minded citizens of the United States. In an address at Long Branch, N. J. October 16, he said that national banks have been compelled to obey the law for the first time in many years. Thus he puts the officers and directors of the 8,000 national banks in the position of wilful violators of the laws of the country. As a matter of fact, there is no class of people in the United States whose members stand higher in the confidence of their neighbors, than do the men who control our national banks. They are entrusted with the finances of the community. Their advice is sought and followed in all matters of community interest. They are chosen by their fellow citizens to positions of trust in local and state government. Some of them are elected to Congress. They are leaders in commercial, social and religious work in their home cities. While it is true that in rare instances a national bank official goes wrong and absconds with funds entrusted to him, the number of such cases is so small as to finish no justification whatever for the general assault made by President Wilson upon the national bankers as a whole. If the record of President Wilson and the members of his official family in the faithful performance of duty were as good as that of the national bankers, Mr. Wilson might well feel proud of his administration.

## Ships and Shops.

Some time back the National Democratic Club of New York City, in a resolution favoring the Government ship purchase bill, said: "Owing to American standards of wages, safety at sea and humane conditions of labor for American seamen, private enterprise cannot be relied upon to

provide ships, because experience has demonstrated that private capital cannot successfully compete against the handicap of lower standards maintained by other maritime nations." Was this one of the arguments which induced Congress to appropriate \$50,000,000 for the purchase of ships? And yet the Democrats are categorically opposed to the only fair legislation which will put the American manufacturer on terms of equality with his European competitor and his pittance-paid workmen—a protective tariff. If it is good for a ship, why not for a shop?

Even if the charges of the democratic department of justice were true—which it is declared from reliable sources are not—that a large number of southern negroes were being colonized in northern cities to vote the republican ticket, it would be no more than fair to the negro because the southern democrats disfranchise them by driving them away from the polls when the constitution of the United States says they shall have the right to vote.

Practically every southern orator is now engaged in making campaign speeches in the north for the democratic ticket—from which it is inferred that the southern republicans are considered to be too thoroughly intimidated to be at all dangerous.

COINED PHRASES

protected and that a free trade law worked to the advantage of the south while the north reaped the hardship.

Mr. Potter charged that the reason President Wilson was not out on the stump in this campaign is because they have muzzled him. He stated that every time the president made a speech he got his foot into it and that it kept the democratic speakers busy squaring things for the president. He declared that the American people wanted a man for president who goes right the first time and not a man who tries to imitate Vernon Castle.

"You know Woodrow Wilson has created a new dance. It goes something like this: One step forward, two steps backward, side step and then reverse," he declared.

Mr. Potter closed with an urgent appeal for the election of Charles Evans Hughes. Judge Sparks presided at the meeting which was attended by a large crowd. W. R. Jinnett spoke briefly.

We have made up another lot of scratch pads and are now on sale at the Republican office.

LITTLE BITS OF  
POLITICS

In an allegorical trial before the people of Indiana, in which James P. Goodrich acts as the state's advocate and John A. M. Adair as a witness, the following examination is taking place almost daily in this state:

Mr. Goodrich—Mr. Adair, will you explain to the people the reason that under Democratic rule, the tax levy for benevolent institutions was raised although you boast that your party lowered the taxes?

Mr. Adair—The President kept us out of war.

Ques.—Why is it that under the Democratic administration the per capita cost of clothing the inmates of the Boys School decreased and the salaries for undeserving Democrats employed at that institution were greatly increased?

Ans.—Stand by Wilson.

Ques.—If you should be elected Governor what would you do about enacting better laws on taxation?

Ans.—Thank God for Woodrow Wilson.

Ques.—You say the state is out of debt; how do you explain the state's indebtedness to Purdue University?

Ans.—Wilson refused to recognize Huerta.

Ques.—Why does it cost the people so much more to pay the state's debts under Democratic rule than under Republican rule?

Ans.—The United States is the only nation that is not at war.

Mr. Goodrich—Your honor, this man has refused to answer these very important questions. I suggest that he be cited for contempt.

The Court—Let the voters do that in November; call the next witness.

MR. WILSON TOOK PLEASURE  
IN EXTENDING THE  
HAND OF WELCOME  
TO CARRANZA.

One of these "uncivilized" acts was committed on September 29th, when some of Carranza's soldiers captured an American trooper, killed him and cut off his head and ears. Exactly twenty days later, on October 19th, Mr. Wilson expressed "pleasure" in informing Carranza that he recognized him! Since the recognition, Carranza's troops by his orders have treacherously attacked and murdered American soldiers on at least two occasions. If the acts above recited—which are merely samples of the course of conduct Carranza has already pursued—do not constitute "intrigue and assassination, treachery and violence," then the words have lost their meaning. Mr. Wilson took "pleasure" in "extending the hand of welcome" to Carranza, whose own hand is red with the blood of murdered men and women of his own nation, and whose hands, unlike the hands of Huerta, were also red with the blood of murdered Americans, of murdered American civilians, and of murdered American soldiers wearing the American uniform. But President Wilson cared as little for the deaths of these men as he cared for the honor of the uniform. He with "pleasure" "extended the hand of welcome" to the man guilty of their murder. —From the Speech of Colonel Roosevelt at Battle Creek, Michigan, in Behalf of Mr. Hughes.

### QUINTET TO PLAY A HARD SCHEDULE

Rushville High School Basketball Team Faces Eighteen Games With Strongest Fives in State

THREE ALREADY BEEN PLAYED

Rushville Hopes to Bring District Tournament Here March 9—Connersville Here Friday

Backed by the hardest and longest schedule in the history of basketball in the Rushville high school, the local quintet is entering upon a season Friday night, when it meets the Connersville five on its own floor, that will close with the district tournament on March 9, which it is hoped will be played here and which the Rushville five has strong hopes of winning.

No schedule like the one which will be played this winter has ever been attempted by a Rushville high school basketball team. Coach Masters has the idea that the best that is in the team may be developed by playing strong teams.

The Rushville five believes it will have such a record when the season closes that it will be a strong contestant for district honors, which, if it wins the district tournament, will give it the honor of representing the sixth district at the state tournament at Indiana university, where the state high school champion will be selected.

Rushville is going to make a strong bid for the district tournament this year. The tournament has been held in Richmond the last two years—in fact, the only time that district tournaments have ever been held. Rushville has many advantages which may be pointed out. Besides being centrally located in the district, this city has a fine new gymnasium that will amply accommodate the crowds. The floor is the

equal of any in the district. Newcastle is also expected to be a bidder for the tournament. It is generally recognized that the race for the honor of holding the district meeting lies between Newcastle and Rushville.

The old-time rival, Connersville, will be here for a game Friday night at the Graham Annex gym. It will be the first real test of the season for the local five because the three games already played have been practice games, having been scheduled only with the view of getting practice for the team.

There are eighteen games on the regular schedule, and counting the three which have been played, it means that the Rushville five will have played twenty-one contests when the season ends. Such strong fives as Martinsville, Columbus, Franklin, Shelbyville, Richmond, Newcastle, Brookville and Greensburg are found on the schedule, which is as follows:

- Nov. 10.—Milroy at Milroy.
- Nov. 17.—Martinsville at Rushville.
- Nov. 24.—Richmond at Rushville.
- Nov. 29.—Connersville at Connersville.
- Dec. 8.—Martinsville at Martinsville.
- Dec. 15.—Milroy at Rushville.
- Dec. 22.—Franklin at Franklin.
- Dec. 23.—Columbus at Columbus.
- Jan. 5.—Greensburg at Rushville.
- Jan. 12.—Richmond at Richmond.
- Jan. 19.—Shelbyville at Rushville.
- Jan. 26.—Newcastle at Rushville.
- Feb. 2.—Greensburg at Greensburg.
- Feb. 9.—Shelbyville at Shelbyville.
- Feb. 16.—Brookville at Rushville.
- Feb. 24.—Newcastle at Newcastle.
- March 2.—Franklin at Rushville.
- March 9.—District tournament.

#### Political Jottings

**The Wilson Keynote.**  
In his kneeling to the demands of the trainmen, in his sacrifice of the sacred principle of arbitration on the altar of peace-at-any-price, we see, in review, the whole philosophy of the Wilson theory of government and nationality.

"It is better to run than to fight." That theory is at work in American government today for the first time.—Boston Journal.

**The Wilson Waltz.**  
In view of recent events the following formula overheard on a hotel veranda may be of interest: The Wilson waltz, one step forward, three steps backward, hesitate, then sidestep.

The Administration is depressed by the reflection that under no circumstances can it postpone election day.

Wilson insists that he will never recognize government by assassination, but he hasn't cut off relations with those who have assassinated Americans.

The first President and the first Congress that ever submitted to a hold-up.

And, by the way, nobody will ever be able to claim this was a regular Democratic Administration unless we have a bond issue before March 4, 1917.

Betting on Hughes and Wilson is dangerous both to Democrats and Republicans. In one of the New England states such a bet was made a few days ago. The officers heard of it, and they arrested the Republican on a charge of robbery and sent the Democrat to an insane asylum. Be careful.

One thing we must all admit—the President is never too proud to sidestep.

A surplus of \$5,200,000 from the postal service during the fiscal year ending June 30 is reported by Postmaster-General Burleson. With the department more than paying expenses, it would seem that the executive officials could afford to keep on the payroll members of the National Guard who responded when the President called out the Organized Militia for duty on the border.

President Wilson seems to have found his diplomacy on a rock which is off its base most of the time.

Mr. and Mrs. Gus Walker entertained at their home in North Willow street Sunday evening at a 3-course dinner, the appointments of which were suggestive of Halloween. There were pumpkin faces and autumn leaves in the decorative scheme. The evening was spent informally interspersed with musical numbers. The guests included Miss Henrietta Schantz, Miss Ruth Bever, Earl Souders and James Walker.

There will be no regular luncheon for the members of the sixth district at the state federation to be held in Indianapolis this week. Although it is customary for the club women of this district to have a luncheon at this time, it will be omitted this year. Mrs. Guy Abercrombie, chairman of the clubs of this district, will attend the sessions. Other members of the Monday Circle who go to Indianapolis to attend all or some of the meetings are Mrs. Robert Innis, Mrs. Ralph Payne, Mrs. T. M. Green, Mrs. E. I. Wooden, Mrs. Louis C. Lambert, and Mrs. C. H. Parsons.

A social good time was enjoyed at the country home of Mr. and Mrs. Ed Ray south of the city Sunday when they entertained a number of guests. A delicious dinner was served at high noon and pictures of the group were taken in the afternoon. Those present to enjoy this affair were Mr. and Mrs. Charles Laird and sons, Harold, Stanley and Chester, from Shelbyville, Mr. and Mrs. George Rapp and daughter, Inez, of Ray Crossing, Mr. and Mrs. Otis Johnson and family, Mr. and Mrs. Oliver G. Hudson of Glenwood, Mr. and Mrs. Joe Shocks and daughter, Thelma, Paul Foster, Lloyd and Marvin Hudson, Charles Shedd, Miss Myrtle Johnson, Walter Ray and Will McKee. Charles Laird is a brother of Mrs. Ray.

In honor of his 40th birthday, Bert Kennedy was surprised by about 60 of his friends at his home in Jackson township Sunday. An elaborate basket dinner was served at noon and a delightful afternoon followed. Those arranging the affair were Mr. and Mrs. James Kennedy, Mrs. Ethel Huffman and daughters, Marie and Corine, and son, Donald, Mr. and Mrs. Charles Kennedy, Mr. and Mrs. Wilfred Kennedy and son, Clarence, Mr. and Mrs. Harry Kennedy, Mr. and Mrs. Harry Miller and children, Donald, Agnes and Dorothy Bell, Mr. and Mrs. Fred Kennedy and sons, Howard and Jessie, Mr. and Mrs. Carl Kennedy and children, Louise and Lorene, Mr. and Mrs. Clayton Spacy and daughters, Beatrice and Irene, Mrs. Lora Kennedy and daughter, Roxie, and son, Russell, Mr. and Mrs. Will Gray and daughters, Lois Velma, Olive Louise and Enod Maxine, Mr. and Mrs. Walter Snoddy and children, Frances and Wallace, Mr. and Mrs. Wilis Hasty and daughters, Gladys, Pearl and Deloris and son, Robert, Mrs. Bell Walker, Gary Kennedy, Miss Blanche Spurland, William Kennedy, Paul Grinstead of New Salem, Joe Neal of Tilton, Ill., George Kennedy of Hamersville, O., and Will Bryan of Orange.

The Eagles Halloween dance at Connersville this evening will be attended by several local dance lovers.

Several from this city are planning to motor to Shelbyville this evening to attend the mask ball being given by the Elks lodge there.

Irene Abernathy, William Caldwell and Howard Newhouse will give a Halloween party this evening for about 25 of their boy and girl friends. It is to be a progressive affair, starting at the home of Irene Abernathy.

A merry crowd is having a steak supper at the city park this evening. The picnic supper is to be cooked over a bonfire and enjoyed by Mr. and Mrs. Ben Sparks, Mr. and Mrs. Otto Bussard, Mr. and Mrs. Albert Flechart, Mr. and Mrs. John Worthington, Mr. and Mrs. Leon McDaniel, Mr. and Mrs. Howard Mahin, Miss Hettie Reitherford and Frank Priest.

In the form of a pitch-in supper was the Halloween party given last evening at the home of Mr. and Mrs. Knowles Casady in West Ninth street by the members of the D. T. Club for their husbands. Boughs of autumn leaves placed throughout the rooms gave a festive appearance. The table, too, with Halloween suggestions was prettily arranged. A huge bouquet of yellow chrysanthemums embellished the center of the table which was lit with candles and vari-colored leaves scattered about on it. An elegant two course supper was served and during the evening the guests were entertained with jolly Halloween games. The guests included Mr. and Mrs. Charles Frank, Mr. and Mrs. Bruce Beck, Mr. and Mrs. Theodore Abercrombie, Jr., Mr. and Mrs. Louis C. Hiner, Mr. and Mrs. Rosecoe Ward, Miss Nellie Ruhlman and Harry Muir.

One of the best programs for many months in the history of the Ladies Musicales was the one at the regular meeting held in the assembly room of the court house yesterday afternoon. There were about one hundred members present to appreciate the musical treat. The program dealt with Romantic Music. Mrs. Francis Moor arranged the numbers which were given in the following order: instrumental duet, "La Traviata" (Verdi), by Miss Jennie Madden and Mrs. Verl Bebout; violin solo from "Concerto" "Scene de Ballet" (Beriot), by Miss Leona Thomas; vocal solo by Miss Norma Smith; violin solo, 2nd and 3rd movement from "Concerto" (Mendelssohn), by Miss Louise Bliss and Miss Kathryn Guffin; instrumental solo, "Butterflies," by Mrs. Birney Piper; instrumental duo, "Spinning Song" from Saint Saens, by Miss Norma Smith and Miss Jessie Kitchen; instrumental solo "Venetian Love Song," (Nevin), by Miss Charlotte Tribbey.

The hundred people attending the social given in the basement of the First Presbyterian church last evening for the adult classes of the Sunday school, proved the success of the affair by the jolly good time which they had. The basement was enclosed with maple boughs and shocks of corn and lit by pumpkin faces, casting their shadowy light over the scene.

In one booth, Miss Kathleen Hogsett dressed as an attractive gypsy girl told fortunes. A number of other Halloween games had been planned, which the guests entered into with a lively zest.

One of the most enjoyable features of the evening, was the short program given by the Boys Glee Club of the local high school. They sang excellently with good spirit. The Glee Club is under the direction of C. E. Parke. Refreshments of sandwiches, pickles and milk were served. Miss Hannah Morris was chairman of the entertainment committee and Mrs. L. C. Snodgrass, chairman of the refreshment committee in charge of the social.

Partial plans were made for a Thanksgiving dance and arrangements were completed for the banquet to be held at the Scanlan House on Monday evening of next week at the meeting of the Tri Kappa sorority held at the home of Miss Jessie Anderson south of the city last evening. A delightful evening was spent by the 16 members of the sorority present who later were served with a delicious two course luncheon.

The banquet, which was arranged for, will follow initiation when Miss Olive Buell and Miss Kathryn Petry will be taken into the sorority and will be in their honor. Further announcement concerning the dance will be made later. The next regular meeting will be at the home of Miss Cloranne Amos.

Miss Duncan and Miss Saxon are officers of the Circle and chose this way of aiding in raising the missionary offering. The guests were all masked, which made the party from the start an informal one. Black and yellow was the color scheme brought out in the decorations used throughout the home. A number of Halloween games and

# "MOTHER IS LIKE A NEW WOMAN"

Indianapolis Resident Tells of Relief Tanlac Brought Aged Camby Parent

Indianapolis, Ind., Oct. 30.—A story of the work of Tanlac at Camby, Ind., was told in this city recently by Mrs. Ella Brightwell, Indianapolis woman, who lives at 129 1/2 South Illinois street, whose mother, Mrs. William Cole, 69 years old of Camby, has found relief in the new medicine.

"Mother was in a very delicate condition following an attack of pneumonia," Mrs. Brightwell said. "She was very nervous and run down and felt tired and worn out all the time.

"Tanlac has built her up and made her feel like a new woman. This medicine has done her more good than anything else she ever tried."

Tanlac, the Master Medicine, is excellent for relieving the after effects of hard coughs, colds, lagrippe, pneumonia and the like. It quickly builds up weak, run-down people to strong, well men and women. Tanlac also is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism and the like. Tanlac is now sold exclusively in Rushville at F. E. Wolcott's drug store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. R. McCarthy & Sons, and in Milroy at Barton and Sheppard's.—Adv

The members of the B. B. Club met at the home of Mrs. John Booth of Milroy yesterday afternoon. Officers for the coming year were elected as follows: president, Mrs. John Booth; secretary and treasurer, Mrs. W. Hagen. The latter part of the meeting was occupied with a general good time when dainty refreshments were served. The next meeting will be held at the home of Mrs. William Wylie.

## SEEKS A SINGLE PARTY LINE PHONE

Howard L. Rous of Connersville Would Mandate Connersville Co., to Meet His Demands

CASE IS SENT FROM FAYETTE

The case of Howard L. Rous against Lewis A. Frazee, doing business as the Connersville Telephone company, in which the plaintiff asks that the court mandate the defendant to install a single party line phone in his residence in Connersville, has been received in the local circuit court on a change of venue from Fayette county.

Rous alleges that the defendant is a public utility and that his neighbors are furnished single line phones but that one was denied him upon the proper application being made. Rous states that he is a druggist and that his business is damaged because he cannot get the single line phone to his residence. He asks the court to compel Frazee to install the single line phone.

OTHER INTERVIEWS BUNGLED

(By United Press.)

Washington, Oct. 31.—Mexican Ambassador Arredondo today formally denied to Secretary of State Lansing the authenticity of an interview attributed to Mexican Commissioner Cabrerera given out by the Mexican news bureau here last Saturday.

Secretary Lansing accepted the explanation of the incident and said he considered it closed.

Upon instructions from General Carranza, Arredondo also told Lansing that the interviews with Carranza, General Obregon and Foreign Secretary Aguilar in the Outlook this week were not given by the officials quoted. The only interview which the Outlook representative obtained, Arredondo told Lansing, was one with General Gonzales and that, he said, the Outlook printed incorrectly.

With the greatest industrial activity the country has ever known, keeping factories and blast furnaces on 24-hour shifts, and the railroads facing the greatest traffic in their history, an unheard of demand for coal has arisen, according to authorities here.

Natural Resources of Country Are Unlimited and it is Yet Thinly Populated.

BY H. B. ROBERTSON  
(U. P. Staff Correspondent.)

Rio De Janeiro, Oct. 15—(By Mail)—That young America is casting a speculative eye on Brazil is evident from the hundreds of letters received by Americans already established here.

"What are the chances for a young man, with large ambition but small bank account, in Brazil," he writes.

The answer is, "the chances in Brazil are very good if—and it is an important if—if you can speak the language." The language of Brazil is Portuguese. Incidentally it is a serious mistake to suppose that one can "get by" by speaking Spanish. Spanish is no better understood than English in Brazil.

resources, but in neither one has it "anything on" Brazil. It is the fourth largest country in the world, its natural resources are unlimited and it has a population of about twenty-five millions which has not yet driven its frontier more than a third of the way to the western boundary.

Agriculture is by far the most important occupation, with commerce, construction, transportation, mining, lumbering and manufacturing following in order of importance. All are in about the same stage of development as they were in the United States in Van Buren's administration. In only a few of the industries are the methods modern. American up-to-date methods and ingenuity are eagerly welcomed however, as Brazilians are progressive, after a late start.

The climate ranges from torrid heat of the tropical Amazon to occasional frost in the southernmost states. Agriculture takes its harvest from two to five times a year. Coffee, rubber, sugar, tobacco, cotton, grains, fruits and live stock products are the chief sources of agricultural riches.

In the export of the agricultural products and the import of practically all the Brazilian uses in manufactured goods commerce prospers—in the hands of foreigners who carry on practically all the commercial activities of the country. A new country whose chief thought is its own development gives the engineer, the contractor and the builder an opportunity he seeks and there is no limit to the range of his work. Railroads are penetrating the jungled valleys and following the westward moving farmer. Electric power is sought in the thousands of rivers that tumble from the mountain ranges. Villages and towns are being built in farming centers, at the mouth of mines and where trails cross.

Gold, precious stones, coal, iron, copper and rarer metals make it worth while to mine in practically every state in Brazil. Manufacturing is still very much an infant industry.

Seventy-five million people will be added to the present population before Brazil accomplishes the development that was worked in the United States from Van Buren to Wilson and just as many fortunes will be made here as were made there in the interval. These fortunes will be made in about the same way by the same kind of men—pioneers.

Jack Dillon and Levinsky Run Neck and Neck in Number of Battles Staged

JACK HAS BEST OF OPPONENT

Hoosier Fighter Has Won Forty-Six Battles Out of a Total of 135 Starts.

BY HAMILTON.  
(U. P. Staff Correspondent.)

New York, Oct. 31.—Jack Dillon and Battling Levinsky, America's most willing scrappers, have run almost a neck and neck race in the number of bouts participated in since Levinsky's star started up from the horizon in 1910.

Dillon has crawled through the ropes to take part in 135 mills and Levinsky had gone him just two better up to the time compilation of their records was stopped by the end of a year. Levinsky hadn't been going very strong this year until a few months ago, so it is pretty near certain that the Indianapolis wildcat has passed him.

In spite of the fact that Levinsky has appeared in the greater number of bouts, Dillon's record as a knockout and as a winner on points is far more imposing than that of the "Battler."

This may be due to the fact that Dillon has scattered his record out over several states where they allow decisions, while Levinsky has been pretty well satisfied to do his boxing in the east, where they lean to no decision encounters.

Out of his 135 battles shown in the latest record book Dillon has won forty-six, giving him a batting average of .340, while Levinsky has been forced to remain content with thirty wins out of his 137 starts, an average of only .211.

Levinsky's busiest year was 1914 when he was called to the front thirty-six times. He was credited with victory in only four of these 'goes.' In 1915 his stock took an awful slump and he gained but one decision out of twenty-one fist-fighting parties. Levinsky's heaviest year shows he engaged in at least one quarrel every week and sixteen-thirty-sixths.

Dillon's most lucrative twelve months was in 1912 when he encountered twenty-nine would-be wreckers of his hopes. He polished off twelve of them, almost half. He had almost a fight a week that year.

This year has seen Dillon very active, while Levinsky's calendar had been pretty barren. However, Levinsky has been speeding up of late and it is possible he may yet catch the giant killer. They have fought so often that it would seem a shame for one to have more battles to his credit than the other.

# FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

Matters if They Want Vote.

Logansport, Ind., Oct. 31.—Caleb Banta, of this city, who was chair- man of the Cass county Progress- iver committee in 1912, is giving the Democrat organization plenty to worry about these days. Mr. Banta and his associates of 1912 are rendering valiant assistance to the Re- publican organization in the county, vigorously and intelligently support- ing the straight Republican ticket. The following is Mr. Banta's answer to questions put at him by the Dem- ocrat newspaper of this city:

"Editor Pharos-Reporter:

"Recently in your very valuable, sometimes truthful and always amusing newspaper you devoted much space to a discussion of my political convictions. It did me proud to find that such a meek and lowly private as I am had come to bask in the refulgent rays of your notice. You seemed to wonder whether or not I am going to sup- port Watson for United States sena- tor and whether or not the Progros- sives generally were going to do so. "Let me answer your questions: "I am. "We are.

"But we are open to conviction. We might change our minds if you could satisfactorily answer the fol- lowing questions. Remember, we want them answered. If you don't want every Progressive in Cass county to vote the Republican ticket, get busy.

"1. Why have we a war tax and no war while Canada has a war and no war tax? "2. Why did the President send an army into Mexico? And why didn't our army use the railroads on its trip "3. Why did the President say, "It is none of my business and none of yours how the Mexicans settle their business. The country is theirs," and then why did he tell Huerta to resign from office or he (Wilson) would force him out? "4. Why does he claim the con- servation question as his own and declare it is now being promoted for the first time? "5. Why were so many men out of employment before the European war? Why were the railroad side- tracks congested with empty cars? "6. Why do the Democrats tell us the high cost of living is not due to the war? "7. Why don't the Democratic party reduce the high cost of living as it promised it would do? "8. Why did Mr. Marshall claim in his speech here that 'if Lincoln were alive today he would be a Dem- ocrat?' because of what the party said about him and his policies? "10. Who called Lincoln 'tyrant'? Who sympathized with his assassin? "11. Why did the Democratic con- gress set aside a day to eulogize Jeff Davis? "12. If the Democrats are to claim Lincoln, shall the Republicans claim Jeff Davis and Vallandigham and Voorhees and Wilson?

"Answer these questions, if you please, Mr. Pharos-Reporter, and then you will know why myself and three thousand more Progressives are going to support 'James Eli.' Answer these questions and then you will know why I am going to rub my submissive nose against the prob- ois of the elephant. "After I heard Tom Marshall's drivel, I would be willing to rub my nose against almost anything to fol- low the G. O. P. "If, instead of answering through your paper you wish to debate these questions, you can pick any two ed- itors for judges, I will be content to select one and if I don't give you the skinning of your long and useful life, you are invited out to my home to eat one of the best dinner you ever stuck your Democratic molars into.

Respectfully,  
"CALEB BANTA, Jefferson Tp."

London, Oct. 31.—No longer can the bantam Briton escape the army. Previous to the advent of Britain's land navy—the "Tanks"—the "banties" had no fear of military tribunals which decide whether men are not soldiers. The bantam is now the "tank man." The shorter and lighter the better, the tribunals say.

Makes You Look

Says a glass of hot water with  
phosphate before breakfast  
keeps illness away.

This excellent, common-sense  
health measure being  
adopted by millions.

Physicians the world over recom- mend the inside bath, claiming this is of vastly more importance than out- side cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do. Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and pur- ifying the entire alimentary canal be- fore putting more food into the stom- ach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the elim- inative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of lime- stone phosphate at the drug store. This will cost very little but is suf- ficient to demonstrate the value of in- side bathing. Those who continue it each morning are assured of pro- nounced results, both in regard to health and appearance.

## GREGORY MUST PROVE CHARGES

Republican Publicity Association Demands Retraction or Proof From Department of Justice

### ABOUT COLONIZATION SCHEME

Republicans Accused of Transporting Colored Voters From South to Vote in North

Washington, Oct. 31.—The Republican Publicity association, through its president, Jonathan Bourne, Jr., today gave out the following statement at its Washington headquarters:

"A few days ago the newspapers of the country contained the announcement purporting to come from the Department of Justice that that Department had reason to believe a large number of colored voters had been transported from Southern states by republican political leaders and colonized in Northern states for the purpose of illegally controlling the result of the coming election. I do not know whether that statement was authorized by the Department of Justice or not, but I do know that if there is any honor left in the Department of Justice the statement will be repudiated immediately by the Attorney General, or he will prove his innuendoes or resign his office.

"Mr. Gregory is not a private citizen. If he were merely a private citizen he would have the right to make any aspersions he desires upon the characters of his fellow citizens, being responsible only to his own conscience and to the civil and criminal laws of the State and nation. But he is something more than a private individual. He is the representative of 100,000,000 people. In his public utterances he is the spokesman of a great office—one of the most important and powerful in the nation. When he speaks in an official manner, he speaks with the voice of authority, and the people of this country have a right to assume that his utterances are carefully considered and well-founded.

"It is scarcely to be believed that he would use his official power to traduce the good name of any citizen or group of citizens. Nor is it to be believed that even if he were willing to do so, he will be permitted to do so by the liberty-loving people of the United States. If he can do that in one instance, he can do it in any number of instances, and if such a policy can be put into practice in this country, then liberty is at an end.

"Mr. Gregory comes from the South, where a man's first consideration is to preserve his honor as a

gentleman. It is up to him in the preservation of that honor to either deny the statement that has been issued from his office, if it was so issued, or to prove the statement contained therein. Refusal on his part to perform this duty, which he owes to the people of the United States, should be followed by impeachment.

## SEES MAJORITY OF 2000 FOR COMSTOCK

District Chairman Bossert Says Republican Victory in This District is Certainty.

### TO MAKE GAINS IN FRANKLIN

Richmond, Ind., Oct. 31.—Another tour of the Sixth district has just been completed by Walter Bossert of Liberty, Republican chairman of the Sixth district organization. He brings back reports of increased strength for Judge D. W. Comstock, Republican nominee for congress. In a recent tour of the district Mr. Bossert learned, he said, that it was necessary for Richmond to give Judge Comstock a good plurality in order to return him the victor over Congressman Finly Gray, Democrat, who seeks re-election.

In this last visit with the district organization leaders and precinct workers Mr. Bossert has been informed that the strength of Judge Comstock in other counties indicates that he will carry the district by 2,000. The district formerly had a Republican majority of about 3,500. James E. Watson once carried the district by 7,000 in a Republican landslide.

In Franklin county, a Democratic stronghold, where Mr. Bossert said he believed the Gray majority would dwindle from 800 to 500 he now believes Mr. Gray will have less than 500 and barely more than 400. This, coupled with dissatisfaction of friends of John M. Lontz, says Mr. Bossert, will make a Republican victory a certainty in this district.

First Formal Session Tonight When President Gives Her Annual Address.

### CHANGE PLAN OF MEETING

(By United Press.) Indianapolis, Ind., Oct. 31.—Indiana women gathered in the Hoosier capital today for the annual meeting of the Federation of Women's clubs.

The first formal session of the association will be held this evening when Mrs. Caroline R. Fairbank, Ft. Wayne, president of the Federation, will make her annual address.

This morning, meetings of the executive council and the board of directions were held.

Presidents of the various clubs gathered this afternoon to discuss the proposition of holding bi-annual meetings instead of annual and specific work which the federation is to undertake during the coming year.

Indianapolis, Oct. 31.—Crab-like in form, but very uncrablike in its workings, an insect the size of a pin head is steadily forcing upward the cost of weddings and dances. The insect eats leaves from palm trees and causes a scarcity of the trees, according to State Entomologist Frank N. Wallace. The insect was brought to the United States from Holland, where owners of American green houses sent their orders for palms.

## CASEY ESCAPES BUT IS CAUGHT

Prisoner Who Was Given Freedom  
of Jail and Vicinity Takes  
Advantage of Confidence

IS ARRESTED AT RICHMOND

Probably Lessens Chances of Parole  
Which Had Been Recommend-  
ed by the Court

Newton Casey, serving a long term in the county jail for "boot-legging," broke his record as a model prisoner and probably smashed his chance of an early release, by escaping last night. Casey got only as far as Richmond where he was arrested as he was leaving the train. Sheriff Cavitt left for Richmond this afternoon and expected to be back here with the prisoner late this afternoon.

The action of Casey came as a surprise to his friends and the court officials. The governor had been interested in his case and had promised to give it some attention following the election. Casey's brother in Henry county had promised to take him there and it was upon this that Judge Sparks recommended to the governor that Casey be allowed to go.

With possibly two or three weeks yet to remain in jail awaiting the action of the governor, Casey packed his clothing and left the city. It is stated that he was taken in an automobile to the McMillin stop on the Pennsylvania railway where he caught the northbound evening train for Richmond. His absence from the jail was detected about six o'clock last night. Sheriff Cavitt immediately became suspicious and after a search of the premises and a visit up town he decided that Casey had skipped out.

Casey has a daughter in Richmond and Sheriff Cavitt immediately called the sheriff of Wayne county. At about eight o'clock word came that the officials there had Casey.

Local officials can't understand Casey's action in trying to escape. The sheriff has shown Casey every consideration. Recently Casey's health began to fail again and Sheriff Cavitt asked Judge Sparks if he might not be given the freedom of the jail and permitted to go in the open in the vicinity of the jail. Judge Sparks, not desiring to persecute Casey gave this permission and Casey has had his freedom in and around the jail.

He has done little odd jobs around the jail for the exercise that the work would give him. He has never once intimated that he would attempt to gain his freedom by running away. Sheriff Cavitt trusted Casey and that his confidence was misplaced is shown by Casey's action. Casey's time is up the latter part of December and had the governor acted favorably he would have gotten out at least a month sooner.

Officials today were busy trying to obtain some information as to who drove Casey to the McMillin stop. Severe punishment awaits the person or persons that aided Casey in escaping. Several clues have developed and an arrest or two would not be surprising.

Judge Sparks stated today that he was not at liberty to say what he would do in the case. He was asked if he would withdraw his recommendation to the governor and stated that he could not say at this time.

FINLY GRAY TONIGHT

Finly Gray of Connersville, seeking re-election on the democratic ticket, will make his plea to voters of Rushville and vicinity tonight at 7:30 o'clock in the court house assembly room.

## CANCELS HIS ENGAGEMENTS

C. W. Fairbanks Rushes to Indianapolis Because of Mother's Death

(By United Press.)

Indianapolis, Ind., Oct. 31.—Charles W. Fairbanks, republican nominee for vice-president, was expected to arrive home today to attend the funeral of his mother, Mrs. Mary Adelaide Smith-Fairbanks, age 87, who died suddenly at the home of her son last night.

Fairbanks was campaigning at Rockford, Ill., when word was sent to him of his mother's death. He cancelled speaking engagements and started for Indianapolis.

## RURAL CARRIER IN A NARROW ESCAPE

Brace Rod on Side-Car Attachment  
of Lon Kennedy's Motorcycle  
Breaks, Throwing Him in Ditch

THE MACHINE PINS HIM DOWN

Lon Kennedy, rural mail carrier on route No. 6, had a narrow escape from serious injury yesterday while carrying the mail when the brace rod on the side-car attachment of his motorcycle broke and threw him in the ditch, with the motorcycle on top of him. But good fortune smiled on him and within a minute after the accident two men passed and lifted the machine off his body. He could not move and would have been compelled to lie in the ditch all day with the motorcycle resting across his shoulders if the two men had not been passing. Mr. Kennedy did not learn their names.

The accident happened about a half mile west of the house occupied by Bert Newkirk, on the Gowdy farm, between here and Arlington. The brace rod broke just as Mr. Kennedy was crossing a north-and-south road which intersects the pike. The motorcycle veered to the side and ran off the end of a culvert, turning end over end and pinning Mr. Kennedy under it. His mail was scattered all over the road, but he did not have much as he was nearing the end of his route.

## SAYS ADAMSON LAW IS POLITICAL MOVE

William Henry, Secretary of Socialist Party, Declares President Hoped to Gain Votes With It

TALKS AT COURT HOUSE HERE

Charging that President Wilson conceived the Adamson law as a political measure at a time when his presidential chances seemed to be wavering, thinking, through this medium, to get a popular vote which otherwise would have been thrown to other candidates, William Henry, secretary of the Socialist party, of Indianapolis, addressed a socialist meeting at the assembly room of the court house last night.

"I took this bill to some of the best lawyers in Indianapolis whom I know to be good lawyers," said Mr. Henry, "and I say to you the men got skinned. Ask the average man what the law means and he can't tell you. He'll try, but he can't."

The speaker also criticized the republican party and attacked Charles E. Hughes, the republican candidate for president. Other democratic legislation came in for a bitter arraignment. He denounced the rural credits bill as a mere expedient to catch the farmer vote. A crowd of possibly fifty men attended the meeting.

## DECLARES BAKER COINED PHRASES

G. W. Potter of New York, Says  
Secretary of War Admitted he  
Knew Nothing About War

SPEAKS TO MILROY AUDIENCE

Declares Every School Boy Knows  
That "he Kept us Out of War"  
is a False Phrase

Declaring that it was Newton Baker, secretary of war, who coined the democratic campaign slogans of "he kept us out of war" and "Wilson and the Underwood tariff are responsible for the present prosperity," George W. Potter of Jamestown, New York, addressed a republican meeting at Milroy last night.

The speaker declared that he had been acquainted with Baker for fifteen years. He stated that he was the visionary advisor to the late Tom Johnson, mayor of Cleveland and admitted to his friends when appointed to the president's cabinet that he did not know a thing about army affairs.

"He became the spokesman of the democratic party," said Mr. Potter, "and within the last ten days has become another Burehard by his unpatriotic comparisons of Washington's soldiers to the Mexican bandits."

"Every school boy knows that the phrase 'he kept us out of war' is false and any thinking man knows that the horrible war is responsible for the prosperity. But in spite of this Baker said use the slogans and we will win. As a matter of fact we have had the war with Mexico for the past three and one-half years, and even tonight our men are encamped on Mexican soil. The thinking man knows that the Underwood tariff law was killing the prosperity of the country until the war came. You remember that during the first eighteen months of the Wilson administration that thousands of men were out of work. Europe is now taking our product but still they give Wilson and the Underwood law the credit."

The speaker read figures to show the increase in exports directly due to the war. While all of the exports are not munitions the great majority are used in carrying on the war. Mr. Potter told of the effect of the Underwood law on the lumber industry in Oregon and Washington and declared that within thirty days after the passage of the law all of the shingle mills and lumber mills in these two states were closed and all of the business was being done by the mills in British Columbia where the labor was cheap, underpaid Oriental labor, thus making it impossible for the American to compete with them.

"When Wilson took office what happened?" he asked. "Congress passed the Underwood bill throttling the prosperity of the country, which closed the factories and threw two million of men out of work. Then the democrats blundered along and finally the greatest blunder occurred when congress was coerced and compelled to pass the so-called eight hour law which was wanted by one-tenth of one per cent of the people of the country."

The speaker stated that Woodrow Wilson has gone back on his own views regarding the tariff question. He stated that in volumes four, five and six of his history of the American people he shows that every democratic administration from Jefferson's first to Cleveland's last had been failures because of their free-trade policy. He then showed why the south is and always has been for free trade, declaring that with the cheap underpaid laborers there the cheap underpaid laborers there the north and south were not equally

## YOUNG MEN WILL STAGE BIG RALLY

Hughes-Hustlers of Sixth District  
Prepare for Big Demonstration  
Here Thursday Night

LIBERTY DRUM CORPS COMING

J. O. Batchelor, Mayor of Marion  
and Former Progressive Can-  
didate for Congress to Speak

Arrangements are going steadily forward for the district meeting of the young men's republican clubs to be held here Thursday night. The Hughes-Hustlers of the county are busy on the final arrangements and it is certain that every county in the district will be well represented.

One of the features will be the parade. Each delegation will be given a place in the parade and there will be plenty of drum corps and bands. Word was received today from Liberty that the Union county delegation would bring along their drum corps. This is probably the best drum corps in the entire district. It is composed of thirty members. Local people recall seeing this organization in the big Watson parade a week ago tonight in Richmond.

The speaker of the evening will be J. O. Batchelor, mayor of Marion, Indiana. Mayor Batchelor was a progressive in 1912 and at one time was a candidate for congress on the progressive ticket from that district. Preceding the speaking a novel entertainment is planned, which will include singing and a number of other musical selections.

The local republicans are working hard to make the meeting a success. The speaking is open to the public, and everyone is invited to participate in the parade. The committee in charge of the parade is formulating plans for this event. The line of march will be announced shortly.

Cecil Tague, chairman of the Sixth District Young Men's clubs has been in every county in the district and stated today that the young men of every county are showing an interest in the meeting and all of the organizations have promised to send delegations.

The local club has precinct captains in every precinct in the county and these members will act on the reception committee. Chairman Denning has urged that each captain appoint one or two assistants for this occasion. Other district meetings have proven a success and it is hoped to have the meeting here surpass all others.

The closing event of the campaign will come on Saturday night when Senator L. Y. Sherman of Illinois will speak. Both of these meetings are scheduled for the Graham Annex auditorium. The Saturday night meeting will be a big rally and will come as a fitting close to the campaign.

W. A. Alexander Alleges That is  
Reason His Cow Was Killed

The killing of a cow by a C. I. & W. passenger train on May 1, 1915 was made the basis of a damage suit filed today in circuit court by William A. Alexander. He demands \$65. It is alleged that on this day a wind storm blew a gate open on the Alexander farm and permitted the cow to get out into the highway and later on the right-of-way of the railway where she was killed. The plaintiff alleges that the railway company was negligent in not providing the proper cattle guards where the railroad crosses the highway.

## SEEKS CUSTODY OF HIS THREE CHILDREN

Alfred McDonald, by Habeas Corpus  
Proceedings, Endeavors in Court  
to Take Them From Home

CASE IS UNDER ADVISEMENT

The habeas corpus proceedings of Alfred McDonald of Connersville against T. H. Dunn, superintendent of the Soldiers' and Sailors' orphans' home at Knightstown, in which McDonald is attempting to get his three children from the custody of the home officials, were heard today in circuit court before Judge Sparks. The case was taken under advisement.

Under the terms of a divorce decree entered in the Fayette circuit court McDonald was given the custody of his children. Prior to the divorce his wife had placed three of the children in the Knightstown home and now McDonald claims that he is in a position to care for them. He testified that the officials of the home told him he could have the children just as soon as he was ready to provide a home for them. He testified that the officials of the home told him he could have the children just as soon as he was ready to provide a home for them.

McDonald formerly lived here and was employed at the Arbuckle foundry.

## SAYS GERMANY WILL DISAVOW THE ACTS

Berlin Officials at Washington De-  
clare Government Will Offer  
Reparation

IF THEY SANK TWO VESSELS

(By United Press.)

Washington, Oct. 31.—If the British ships Marina and Rowanmore were sunk by a German submarine commander or commanders in violation of Germany's pledges regarding submarine warfare, the German government will disavow the act, offer reparation and punish the commander or commanders, German officials in Washington said today.

German officials pointed out that in the case of the Marina, which was reported to have been attacked first by gunfire without warning, that the method of attack was in itself a warning and they suggested that if the vessel was torpedoed before he crew was able to leave the ship it probably was because she failed to stop.

Secretary of State Lansing said today official reports regarding the sinking of the Marina are not conclusive.

Ralph Gross of Palmouth underwent an operation yesterday at the Section sanatorium for appendicitis.

## HUGHES REPLIES TOMAN INCROWD

Nominee Tells Heckler at Columbus  
He Favors Maintenance of  
Rights of Neutrals

INCLUDING THAT OF TRAVEL

Should Also Maintain Integrity of  
International Law When Great  
War Rages

BY PERRY ARNOLD  
(U. P. Staff Correspondent.)

Columbus, Ind., Oct. 31.—Heckled by a spectator who said he was a "personal admirer," Governor Hughes today declared in answer to a question of whether he would favor or oppose an embargo against shipment of munitions or the passage of the McLeMore resolution warning Americans:

"I am in favor of the maintenance of every right, including the right of travel and the right of shipment. It is a very important right that we have as a neutral nation and it is very important at this time. When the great war is raging we should vindicate neutral rights and maintain the integrity of international law. To my mind it is a thoughtless policy that would surrender any of these important rights because of any sentimental consideration when we have the vast necessity of neutral commerce and the importance of the right of neutrals to consider with respect to the future of the United States."

"In all these matters we are looking far into the future. We must consider our place as a great nation devoted to the interests of peace. When the crisis arrives we may ourselves—though heaven forbid—he involved in difficulties when the rights are of the utmost importance. We should have the right to buy. We must maintain the right to buy. We have the need and in the absence of a merchant marine such as we should have—we have the need of utilizing the facilities of travel and we must protect American citizens."

## HUGHESTRAIN STOPS TO CROSS C. H. & D.

Otherwise Special Carrying Presi-  
dential Nominee Went on as if  
There Was no City

SHOWER OF STICKERS HERE

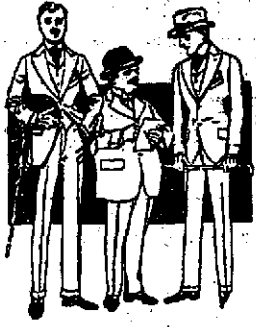

The special train carrying Charles Evans Hughes, republican candidate for president, and his party, did stop in Rushville, the republican state committee, the republican national committee and all other committees notwithstanding.

There is a power that is higher—it is the rule that a Pennsylvania train shall stop before it crosses the C. H. & D. tracks here and that a C. H. & D. train shall stop before it crosses the Pennsylvania. That's a slender thread, but it may be said with impunity that the Hughes special did stop in Rushville.

There was a large crowd at the Pennsylvania station to watch the train of seven cars pull through. It did not even hesitate as it passed the station. A porter, the conductor, and a couple of newspaper correspondents threw thousands of stickers which said, "ELECT HUGHES" out at the crowd.

At all the street intersections where the Pennsylvania road passes through the city there were little knots of people to watch the train go puffing on its way towards southern Indiana where Hughes is making his farewell campaign in the state today and tomorrow.

Doctors Having Great Success With Amolox

This remarkable letter, coming from a prominent physician engaged in active practice for over 25 years, proves the merit of this wonderful new Remedy.

I have used Amolox in four different cases of chronic skin diseases with excellent results. All showed marked improvement from the start. Two apparently are cured, the skin being free from scales and redness, and perfectly normal.

I consider Amolox a Remedy of rare merit. I know of nothing in the modern text-books that equals it in therapeutic value.

Very truly yours,  
C. R. JUSTICE, M. D.  
Main Street, Poland, O.

WASHINGTON AND LINCOLN  
PUT RIGHTEOUSNESS  
BEFORE PEACE.  
\*\*\*\*\*

The supporters of Mr. Wilson say that the American people should vote for him because he has kept us out of war. It is worth while to remember that this is a claim that cannot be advanced either on behalf of Washington or of Lincoln. Neither Washington nor Lincoln kept us out of war. Americans, and the people of the world at large, now reverence the memories of these two men because, and only because, they put righteousness before peace. They abhorred war. They shunned unjust or wanton or reckless war. But they possessed that stern valor of patriotism which bade them put duty first, not safety first, which bade them accept war rather than an unrighteous and disastrous peace. There were peace-at-any-price men in the days of Washington. They were the Tories. There were peace-at-any-price men in the days of Lincoln. They were the Copperheads. The men who now with timid hearts and quavering voices praise Mr. Wilson for having kept us out of war are the spiritual heirs of the Tories of 1776 and the Copperheads of 1864. The men who followed Washington at Trenton and Yorktown and who suffered with him through the winter at Valley Forge and the men who wore the Blue under Grant and the Gray under Lee were men of valor, who sacrificed everything to serve the right as it was given them to see the right. They spurned with contemptuous indignation the counsels of the feeble and cowardly folk who in their day spoke for peace-at-any-price. — From the Speech of Colonel Roosevelt at Battle Creek, Michigan, in Behalf of Mr. Hughes.

## Thinking For Themselves.

The average laboring man thinks for himself just as any other voter does when he goes into the booth and is alone with himself in determining who he shall vote for. For that very reason the talk about this and that organization being lined up for such and such a ticket is purely and simply campaign puffery of the worst sort.

Nothing is more overestimated than the alleged hold the democratic party has on organized labor. The average republican, discussing the prospects of a victory next Tuesday, always whispers in a husky voice, "Well, there's the labor vote."

The impression seems to be broadcast that the old politician, Sam Gompers, as president of the American Federation of Labor, has the organized labor of the country by the nose and that he can lead it around and make it vote anyway he pleases, which is always the straight democratic ticket.

But laboring men, just as any other class of men, have their convictions on public questions, as well as party affiliations. It is an insult to organized labor to insist that any party can control the vote of the whole body. Every now and then you read that such and such a body

## THE BATTLE CRY OF THE NEW FREEDOM

(With Apologies to George Frederick Root.)

(Copyright, 1916, by John T. McCrecheon.)

—Chicago Daily Tribune.

For he kept us out of war, boys, he'll always keep us out,  
Shouting the cry of watchful waiting,  
'Neath our flag of snowy white, we will be too proud to fight,  
Shouting the cry of watchful waiting.

## CHORUS.

The Union forever, hurrah, boys, hurrah!  
Down with the soldier, up with the pen,  
For he kept us out of war, boys, rally once again,  
Shouting the cry of watchful waiting.

When the sword is at our throat, he will write a little note,  
Shouting the cry of watchful waiting,  
For he kept us out of war, boys, he kept us out of war,  
Shouting the cry of watchful waiting.

Let your hearts with rapture burst as we sing of safety first,  
Shouting the cry of watchful waiting,  
When the hated foreign foes walk around upon our toes,  
We'll shout the cry of watchful waiting.

of workers is for Hughes, or Wilson, as the case may be.

In this connection, a communication by several telegraphers, printed in the Indianapolis Star takes exceptions to statements appearing recently, one declaring the telegraphers have endorsed Hughes and another that the "Telegraphers are in line for Wilson.

"While it is true," says the communication signed by the telegraphers mentioned, "that the A. F. of L. has endorsed Mr. Wilson, and while a very small portion of the membership, who usually allows someone else to do their thinking for them, will, for this reason, be led to support Mr. Wilson, yet we think it is safe to assume that the vast majority, representing the more intelligent portion, will use their own judgment and vote as they think best for their own interest, and Mr. Hughes and Mr. Benson will undoubtedly get their share."

## An Unprovoked Assault.

President Wilson has gone far out of his way to take an "unprovoked" slap at some 40,000 of the most substantial and high minded citizens of the United States. In an address at Long Branch, N. J. October 16, he said that national banks have been compelled to obey the law for the first time in many years. Thus he puts the officers and directors of the 8,000 national banks in the position of wilful violators of the laws of the country. As a matter of fact, there is no class of people in the United States whose members stand higher in the confidence of their neighbors, than do the men who control our national banks. They are entrusted with the finances of the community. Their advice is sought and followed in all matters of community interest. They are chosen by their fellow citizens to positions of trust in local and state government. Some of them are elected to Congress. They are leaders in commercial, social and religious work in their home cities. While it is true that in rare instances a national bank official goes wrong and absconds with funds entrusted to him, the number of such cases is so small as to finish no justification whatever for the general assault made by President Wilson upon the national bankers as a whole. If the record of President Wilson and the members of his official family in the faithful performance of duty were as good as that of the national bankers, Mr. Wilson might well feel proud of his administration.

## Ships and Shops.

Some time back the National Democratic Club of New York City, in a resolution favoring the Government ship purchase bill, said: "Owing to American standards of wages, safety at sea and humane conditions of labor for American seamen, private enterprise cannot be relied upon to

provide ships, because experience has demonstrated that private capital cannot successfully compete against the handicap of lower standards maintained by other maritime nations." Was this one of the arguments which induced Congress to appropriate \$50,000,000 for the purchase of ships? And yet the Democrats are categorically opposed to the only fair legislation which will put the American manufacturer on terms of equality with his European competitor and his pittance-paid workmen—a protective tariff. If it is good for a ship, why not for a shop?

Even if the charges of the democratic department of justice were true—which it is declared from reliable sources are not—that a large number of southern negroes were being colonized in northern cities to vote the republican ticket, it would be no more than fair to the negro because the southern democrats disfranchised them by driving them away from the polls when the constitution of the United States says they shall have the right to vote.

Practically every southern orator is now engaged in making campaign speeches in the north for the democratic ticket—from which it is inferred that the southern republicans are considered to be too thoroughly intimidated to be at all dangerous.

COINED PHRASES

Continued from Page 1.

protected and that a free trade law worked to the advantage of the south while the north reaped the hardship.

Mr. Potter charged that the reason President Wilson was not out on the stump in this campaign is because they have muzzled him. He stated that every time the president made a speech he got his foot into it and that it kept the democratic speakers busy squaring things for the president. He declared that the American people wanted a map for president who goes right the first time and not a man who tries to imitate Vernon Castle.

"You know Woodrow Wilson has created a new dance. It goes something like this: One step forward, two steps backward, side step and then reverse," he declared.

Mr. Potter closed with an urgent appeal for the election of Charles Evans Hughes. Judge Sparks presided at the meeting which was attended by a large crowd. W. R. Jinnett spoke briefly.

We have made up another lot of watch pads and are now on sale at the Republican office.

LITTLE BITS OF  
POLITICS

In an allegorical trial before the people of Indiana, in which James P. Goodrich acts as the state's advocate and John A. M. Adair as a witness, the following examination is taking place almost daily in this state:

Mr. Goodrich—Mr. Adair, will you explain to the people the reason that under Democratic rule, the tax levy for benevolent institutions was raised although you boast that your party lowered the taxes?

Mr. Adair—The President kept us out of war.

Ques.—Why is it that under the Democratic administration the per capita cost of clothing the inmates of the Boys School decreased and the salaries for undeserving Democrats employed at that institution were greatly increased?

Ans.—Stand by Wilson.

Ques.—If you should be elected Governor what would you do about enacting better laws on taxation?

Ans.—Thank God for Woodrow Wilson.

Ques.—You say the state is out of debt; how do you explain the state's indebtedness to Purdue University?

Ans.—Wilson refused to recognize Huerta.

Ques.—Why does it cost the people so much more to pay the state's debts under Democratic rule than under Republican rule?

Ans.—The United States is the only nation that is not at war.

Mr. Goodrich—Your honor, this man has refused to answer these very important questions. I suggest that he be cited for contempt.

The Court—Let the voters do that in November; call the next witness.

## MR. WILSON TOOK PLEASURE IN EXTENDING THE HAND OF WELCOME TO CARRANZA.

One of these "uncivilized" acts was committed on September 29th, when some of Carranza's soldiers captured an American trooper, killed him and cut off his head and ears. Exactly twenty days later, on October 19th, Mr. Wilson expressed "pleasure" in informing Carranza that he recognized him! Since the recognition, Carranza's troops by his orders have treacherously attacked and murdered American soldiers on at least two occasions. If the acts above recited—which are merely samples of the course of conduct Carranza has already pursued—do not constitute "intrigue and assassination, treachery and violence," then the words "have lost their meaning." Mr. Wilson took "pleasure" in "extending the hand of welcome" to Carranza, whose own hand is red with the blood of murdered men and women of his own nation, and whose hands, unlike the hands of Huerta, were also red with the blood of murdered Americans, of murdered American civilians, and of murdered American soldiers wearing the American uniform. But President Wilson, cared as little for the deaths of these men as he cared for the honor of the uniform. He, with "pleasure" extended the hand of welcome to the man guilty of their murder.

### QUINTET TO PLAY A HARD SCHEDULE

Rushville High School Basketball Team Faces Eighteen Games With Strongest Fives in State

THREE ALREADY BEEN PLAYED

Rushville Hopes to Bring District Tournament Here March 9—Connersville Here Friday

Backed by the hardest and longest schedule in the history of basketball in the Rushville high school, the local quintet is entering upon a season Friday night, when it meets the Connersville five on its own floor, that will close with the district tournament on March 9, which it is hoped will be played here and which the Rushville five has strong hopes of winning.

No schedule like the one which will be played this winter has ever been attempted by a Rushville high school basketball team. Coach Masters has the idea that the best that is in the team may be developed by playing strong teams.

The Rushville five believes it will have such a record when the season closes that it will be a strong contestant for district honors, which, if it wins the district tournament, will give it the honor of representing the sixth district at the state tournament at Indiana university, where the state high school champion will be selected.

Rushville is going to make a strong bid for the district tournament this year. The tournament has been held in Richmond the last two years—in fact, the only time that district tournaments have ever been held. Rushville has many advantages which may be pointed out. Besides being centrally located in the district, this city has a fine new gymnasium that will amply accommodate the crowds. The floor is the

equal of any in the district. Newcastle is also expected to be a bidder for the tournament. It is generally recognized that the race for the honor of holding the district meeting lies between Newcastle and Rushville.

The old-time rival, Connersville, will be here for a game Friday night at the Graham Annex gym. It will be the first real test of the season for the local five because the three games already played have been practice games, having been scheduled only with the view of getting practice for the team.

There are eighteen games on the regular schedule, and counting the three which have been played, it means that the Rushville five will have played twenty-one contests when the season ends. Such strong fives as Martinsville, Columbus, Franklin, Shelbyville, Richmond, Newcastle, Brookville and Greensburg are found on the schedule, which is as follows:

- Nov. 10.—Milroy at Milroy.
- Nov. 17.—Martinsville at Rushville.
- Nov. 24.—Richmond at Rushville.
- Nov. 29.—Connersville at Connersville.
- Dec. 8.—Martinsville at Martinsville.
- Dec. 15.—Milroy at Rushville.
- Dec. 22.—Franklin at Franklin.
- Dec. 23.—Columbus at Columbus.
- Jan. 5.—Greensburg at Rushville.
- Jan. 12.—Richmond at Richmond.
- Jan. 19.—Shelbyville at Rushville.
- Jan. 26.—Newcastle at Rushville.
- Feb. 2.—Greensburg at Greensburg.
- Feb. 9.—Shelbyville at Shelbyville.
- Feb. 16.—Brookville at Rushville.
- Feb. 24.—Newcastle at Newcastle.
- March 2.—Franklin at Rushville.
- March 9.—District tournament.

#### HOOSIER BRIEFS.

Wabash—When Lemoine Clark, 10, told his playmate Gilbert Brown to pull the trigger of a rifle, the latter shot a hole through Clark's foot.

North Vernon—Gideon Monford, 62, tried to pass fraudulent checks on Sheriff Shaw at Columbus and also on the guards at the state penal farm, after he had been sentenced to the state farm for issuing worthless checks.

Columbus—Deputy fish and game commissioners are trying to learn the names of men, who shot a number of wild geese when the geese became blinded by the city lights.

Columbia City—The council voted to buy a motor fire truck for Columbia City. Plans have also been approved for a new city hall.

Huntington—Civil engineers of the Wabash railroad have surveyed the site for a new station. It is thought that work will be started soon.

#### Political Jottings

**The Wilson Keynote.**  
In his kneeling to the demands of the trainmen, in his sacrifice of the sacred principle of arbitration on the altar of peace-at-any-price, we see, in review, the whole philosophy of the Wilson theory of government and nationality.  
"It is better to run than to fight."  
That theory is at work in American government today for the first time.—Boston Journal.

**The Wilson Waltz.**  
In view of recent events the following formula overheard on a hotel veranda may be of interest: The Wilson waltz, one step forward, three steps backward, hesitate, then sidestep.

The Administration is depressed by the reflection that under no circumstances can it postpone election day.

Wilson insists that he will never recognize government by assassination, but he hasn't cut off relations with those who have assassinated Americans.

The first President and the first Congress that ever submitted to a hold-up.

And, by the way, nobody will ever be able to claim this was a regular Democratic Administration unless we have a bond issue before March 4, 1917.

Betting on Hughes and Wilson is dangerous both to Democrats and Republicans. In one of the New England states such a bet was made a few days ago. The officers heard of it, and they arrested the Republican on a charge of robbery and sent the Democrat to an insane asylum. Be careful.

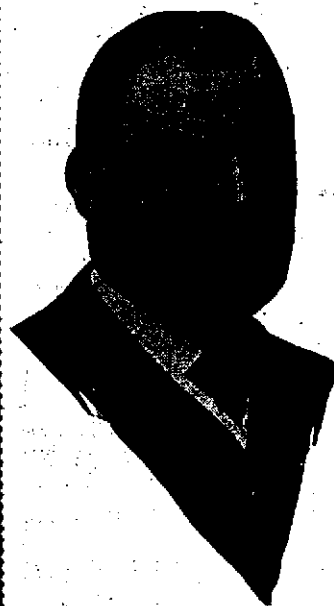

One thing we must all admit—the President is never too proud to sidestep.

A surplus of \$5,200,000 from the postal service during the fiscal year ending June 30 is reported by Postmaster-General Burleson. With the department more than paying expenses, it would seem that the executive officials could afford to keep on the payroll members of the National Guard who responded when the President called out the Organized Militia for duty on the border.

President Wilson seems to have founded his diplomacy on a rock which is off its base most of the time.

There will be no regular luncheon for the members of the sixth district at the state federation to be held in Indianapolis this week. A social good time was enjoyed at the country home of Mr. and Mrs. Ed Ray south of the city Sunday when they entertained a number of guests. In honor of his 40th birthday, Bert Kennedy was surprised by about 60 of his friends at his home in Jackson township Sunday. Several from this city are planning to motor to Shelbyville this evening to attend the mask ball being given by the Elks lodge there.

Irene Abernathy, William Caldwell and Howard Newhouse will give a Halloween party this evening for about 25 of their boy and girl friends. It is to be a progressive affair, starting at the home of Irene Abernathy.

A merry crowd is having a steak supper at the city park this evening. The picnic supper is to be cooked over a bonfire and enjoyed by Mr. and Mrs. Ben Sparks, Mr. and Mrs. Otto Bassard, Mr. and Mrs. Albert Flechart, Mr. and Mrs. John Worthington, Mr. and Mrs. Leon McDaniel, Mr. and Mrs. Howard Mahin, Miss Hettie Retherford and Frank Priest.

In the form of a pitch-in supper was the Halloween party given last evening at the home of Mr. and Mrs. Knowles Casady in West Ninth street by the members of the D. T. Club for their husbands. Boughs of autumn leaves placed throughout the rooms gave a festive appearance. The table, too, with Halloween suggestions was prettily arranged. A huge bouquet of yellow chrysanthemums embellished the center of the table which was lit with candles and vari-colored leaves scattered about on it. An elegant two course supper was served and during the evening the guests were entertained with jolly Halloween games. The guests included Mr. and Mrs. Charles Frank, Mr. and Mrs. Bruce Beck, Mr. and Mrs. Theodore Abernethy, Jr., Mr. and Mrs. Louis C. Hiner, Mr. and Mrs. Rosecoe Ward, Miss Nellie Ruhlman and Harry Muir.

One of the best programs for many months in the history of the Ladies Musical was the one at the regular meeting held in the assembly room of the court house yesterday afternoon. There were about one hundred members present to appreciate the musical treat. The program dealt with Romantic Music. Mrs. Francis Moor arranged the numbers which were given in the following order: instrumental duet, "La Traviata" (Verdi), by Miss Jennie Madden and Mrs. Verl Bebout; violin solo from "Concerto" ("Scene de Ballet" (Beriot), by Miss Leona Thomas; vocal solo by Miss Norma Smith; violin solo, 2nd and 3rd movement from "Concerto" (Mendelssohn), by Miss Louise Bliss and Miss Kathryn Guffin; instrumental solo, "Butterflies," by Mrs. Birney Piper; instrumental duo, "Spinning Song" from Saint Saens, by Miss Norma Smith and Miss Jessie Kitchen; instrumental solo "Venetian Love Song," (Nevin), by Miss Charlotte Tribbey.

The hundred people attending the social given in the basement of the First Presbyterian church last evening for the adult classes of the Sunday school, proved the success of the affair by the jolly good time which they had. The basement was enclosed with maple boughs and shocks of corn and lit by pumpkin faces, casting their shadowy light over the scene.

In one booth, Miss Kathleen Hogsett dressed as an attractive gypsy girl told fortunes. A number of other Halloween games had been planned, which the guests entered into with a lively zest.

One of the most enjoyable features of the evening, was the short program given by the Boys Glee Club of the local high school. They sang excellently with good spirit. The Glee Club is under the direction of C. E. Parke. Refreshments of sandwiches, pickles and milk were served. Miss Hannah Morris was chairman of the entertainment committee and Mrs. L. C. Snodgrass, chairman of the refreshment committee in charge of the social.

## "MOTHER IS LIKE A NEW WOMAN"

Indianapolis Resident Tells of Relief Tanlac Brought Aged Camby Parent

Indianapolis, Ind., Oct. 30.—A story of the work of Tanlac at Camby, Ind., was told in this city recently by Mrs. Ella Brightwell, Indianapolis woman, who lives at 129 1/2 South Blinnis street, whose mother, Mrs. William Cole, 69 years old of Camby, has found relief in the new medicine.

"Mother was in a very delicate condition following an attack of pneumonia," Mrs. Brightwell said. "She was very nervous and run down and felt tired and worn out all the time."

"Tanlac has built her up and made her feel like a new woman. This medicine has done her more good than anything else she ever tried."

Tanlac, the Master Medicine, is excellent for relieving the after effects of hard coughs, colds, lagrippe, pneumonia and the like. It quickly builds up weak, run-down people to strong, well men and women. Tanlac also is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism and the like. Tanlac is now sold exclusively in Rushville at F. E. Wolcott's drug store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. R. McCarthy & Sons, and in Milroy at Barton and Sheppard's.—Adv.

Howard L. Rous of Connersville Would Mandate Connersville Co. to Meet His Demands

CASE IS SENT FROM FAYETTE

Frazee, doing business as the Connersville Telephone company, in which the plaintiff asks that the court mandate the defendant to install a single party line phone in his residence in Connersville, has been received in the local circuit court on a change of venue from Fayette county.

The only interview which the Outlook representative obtained, Arredondo told Lansing, was one with General Gonzales and that, he said, the Outlook printed incorrectly.

LANGUAGE IS  
BIG DRAW BACK

Young America Will Find Good Field in Brazil Providing he Can Speak Portuguese.

SPANISH IS ALSO SPOKEN

Natural Resources of Country Are Unlimited and it is Yet Thinly Populated.

BY H. B. ROBERTSON  
(U. P. Staff Correspondent.)  
Rio De Janeiro, Oct. 15—(By Mail)—That young America is casting a speculative eye on Brazil is evident from the hundreds of letters received by Americans already established here.

"What are the chances for a young man, with large ambition but small bank account, in Brazil," he writes.

The answer is, "the chances in Brazil are very good if—and it is an important 'if'—if you can speak the language." The language of Brazil is Portuguese. Incidentally it is a serious mistake to suppose that one can "get by" by speaking Spanish. Spanish is no better understood than English in Brazil.

The United States puts on considerable chest over its size and natural

Carter's

Union Suits

resources, but in neither one has it "anything on" Brazil. It is the fourth largest country in the world, its natural resources are unlimited and it has a population of about twenty-five millions which has not yet driven its frontier more than a third of the way to the western boundary.

Agriculture is by far the most important occupation, with commerce, construction, transportation, mining, lumbering and manufacturing following in order of importance. All are in about the same stage of development as they were in the United States in Van Buren's administration. In only a few of the industries are the methods modern. American up-to-date methods and ingenuity are eagerly welcomed however, as Brazilians are progressive, after a late start.

The climate ranges from torrid heat of the tropical Amazon to occasional frost in the southernmost states. Agriculture takes its harvest from two to five times a year. Coffee, rubber, sugar, tobacco, cotton, grains, fruits and live stock products are the chief sources of agricultural riches.

In the export of the agricultural products and the import of practically all the Brazilian uses in manufactured goods commerce prospers—in the hands of foreigners who carry on practically all the commercial activities of the country. A new country whose chief thought is its own development gives the engineer, the contractor and the builder an opportunity he seeks and there is no limit to the range of his work. Railroads are penetrating the jungled valleys and following the westward moving farmer. Electric power is sought in the thousands of rivers that tumble from the mountain ranges. Villages and towns are being built in farming centers, at the mouth of mines and where trails cross.

Gold, precious stones, coal, iron, copper and rarer metals make it worth while to mine in practically every state in Brazil. Manufacturing is still very much an infant industry.

FIGURES SHOW  
A CLOSE RACE

Jack Dillon and Levinsky Run Neck and Neck in Number of Battles Staged

JACK HAS BEST OF OPPONENT

Hoosier Fighter Has Won Forty-Six Battles Out of a Total of 135 Starts.

BY HAMILTON.  
(U. P. Staff Correspondent.)  
New-York, Oct. 31.—Jack Dillon and Battling Levinsky, America's most willing scrappers, have run almost a neck and neck race in the number of bouts participated in since Levinsky's star started up from the horizon in 1910.

Dillon has crawled through the ropes to take part in 135 mills and Levinsky had gone him just two better up to the time compilation of their records was stopped by the end of a year. Levinsky hadn't been going very strong this year until a few months ago, so it is pretty near certain that the Indianapolis wildcat has passed him.

In spite of the fact that Levinsky has appeared in the greater number of bouts, Dillon's record as a knockout and as a winner on points is far more imposing than that of the "Battler."

This may be due to the fact that Dillon has scattered his record out over several states where they allow decisions, while Levinsky has been pretty well satisfied to do his boxing in the east, where they lean to no decision encounters.

Out of his 135 battles, shown in the latest record book Dillon has won forty-six, giving him a batting average of .340, while Levinsky has been forced to remain content with thirty wins out of his 137 starts, an average of only .211.

Levinsky's busiest year was 1914 when he was called to the front thirty-six times. He was credited with victory in only four of these "goes." In 1915 his stock took an awful slump and he gained but one decision out of twenty-one fist-buffing parties. Levinsky's heaviest year shows he engaged in at least one quarrel every week and sixteen-thirty-sixths.

Dillon's most lucrative twelve months was in 1912 when he encountered twenty-nine would-be wreckers of his hopes. He polished off twelve of them, almost half. He had almost a fight a week that year.

This year has seen Dillon very active, while Levinsky's calendar had been pretty barren. However, Levinsky has been speeding up of late and it is possible he may yet catch the giant killer. They have fought so often that it would seem a shame for one to have more battles to his credit than the other.

# FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

## TELLS WHY THEY ARE FOR WATSON

Former Progressive Chairman of Cass County Points Out Few Things to Democrats.

### ALSO ASKS MANY QUESTIONS

Would Like For Democrats to Enlighten Progressives on Some Matters if They Want Vote.

Logansport, Ind., Oct. 31.—Caleb Banta, of this city, who was chairman of the Cass county Progressive committee in 1912, is giving the Democrats organization plenty to worry about these days. Mr. Banta and his associates of 1912 are rendering valiant assistance to the Republican organization in the county, vigorously and intelligently supporting the straight Republican ticket. The following is Mr. Banta's answer to questions put at him by the Democrat newspaper of this city:

"Editor Pharos-Reporter:  
"Recently in your very valuable, sometimes truthful and always amusing newspaper you devoted much space to a discussion of my political convictions. It did me proud to find that such a meek and lowly private as I am had come to bask in the refulgent rays of your notice. You seemed to wonder whether or not I am going to support Watson for United States senator and whether or not the Progressives generally were going to do so.

"Let me answer your questions:  
"I am.  
"We are.  
"But we are open to conviction. We might change our minds if you could satisfactorily answer the following questions. Remember, we want them answered. If you don't want every Progressive in Cass county to vote the Republican ticket, get busy.

"1. Why have we a war tax and no war while Canada has a war and no war tax?

"2. Why did the President send an army into Mexico? And why didn't our army use the railroads on its trip?

"3. Why did the President say, 'It is none of my business and none of yours how the Mexicans settle their business. The country is theirs,' and then why did he tell Huerta to resign from office or he (Wilson) would force him out?

"4. Why does he claim the conservation question as his own and declare it is now being promoted for the first time?

"5. Why were so many men out of employment before the European war? Why were the railroad sidetracks congested with empty cars?

"6. Why do the Democrats tell us the high cost of living is not due to the war?

"7. Why don't the Democratic party reduce the high cost of living as it promised it would do?

"8. Why did Mr. Marshall claim in his speech here that 'if Lincoln were alive today he would be a Democrat?' because of what the party said about him and his policies?

"9. Who called Lincoln 'tyrant'?

"10. Who sympathized with his assassin?

"11. Why did the Democratic congress set aside a day to eulogize Jeff Davis?

"12. If the Democrats are to claim Lincoln, shall the Republicans claim Jeff Davis and Vallandigham and Voorhees and Wilson?

"Answer these questions, if you please, Mr. Pharos-Reporter, and then you will know why myself and three thousand more Progressives are going to support James Eli. Answer these questions and then you will know why I am going to rub my submissive nose against the probability of the elephant.

"After I heard Tom Marshall's drivel, I would be willing to rub my nose against almost anything to follow the G. O. P.

"If, instead of answering through your paper you wish to debate these questions, you can pick any two editors for judges. I will be content to select one and if I don't give you the skinning of your long and useful life, you are invited out to my home to eat one of the best dinner you ever struck your Democratic molars into.

## An Inside Bath Makes You Look and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps illness away.

This excellent, common-sense health measure being adopted by millions.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the throat and bowels do. Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, shallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little, but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

## GREGORY MUST PROVE CHARGES

Republican Publicity Association Demands Retraction or Proof From Department of Justice

### ABOUT COLONIZATION SCHEME

Republicans Accused of Transporting Colored Voters From South to Vote in North

Washington, Oct. 31.—The Republican Publicity association, through its president, Jonathan Bourne, Jr., today gave out the following statement at its Washington headquarters:

"A few days ago the newspapers of the country contained the announcement purporting to come from the Department of Justice that that Department had reason to believe a large number of colored voters had been transported from Southern states by republican political leaders and colonized in Northern states for the purpose of illegally controlling the result of the coming election. I do not know whether that statement was authorized by the Department of Justice or not, but I do know that if there is any honor left in the Department of Justice the statement will be repudiated immediately by the Attorney General, or he will prove his innuendoes or resign his office.

"Mr. Gregory is not a private citizen. If he were merely a private citizen he would have the right to make any aspersions he desires upon the characters of his fellow citizens, being responsible only to his own conscience and to the civil and criminal laws of the State and nation. But he is something more than a private individual. He is the representative of 100,000,000 people. In his public utterances he is the spokesman of a great office—one of the most important and powerful in the nation. When he speaks in an official manner, he speaks with the voice of authority, and the people of this country have a right to assume that his utterances are carefully considered and well-founded.

"It is scarcely to be believed that he would use his official power to traduce the good name of any citizen or group of citizens. Nor is it to be believed that even if he were willing to do so, he will be permitted to do so by the liberty-loving people of the United States. If he can do that in one instance, he can do it in any number of instances, and if such a policy can be put into practice in this country, then liberty is at an end.

"Mr. Gregory comes from the South, where a man's first consideration is to preserve his honor as a

gentleman. It is up to him in the preservation of that honor to either deny the statement that has been issued from his office, if it was so issued, or to prove the statement contained therein. Refusal on his part to perform this duty, which he owes to the people of the United States, should be followed by impeachment.

## SEES MAJORITY OF 2000 FOR COMSTOCK

District Chairman Bossert Says Republican Victory in This District is Certainty.

### TO MAKE GAINS IN FRANKLIN

Richmond, Ind., Oct. 31.—Another tour of the Sixth district has just been completed by Walter Bossert of Liberty, Republican chairman of the Sixth district organization. He brings back reports of increased strength for Judge D. W. Comstock, Republican nominee for congress. In a recent tour of the district Mr. Bossert learned, he said, that it was necessary for Richmond to give Judge Comstock a good plurality in order to return him the victor over Congressman Finly Gray, Democrat, who seeks re-election.

In this last visit with the district organization leaders and precinct workers Mr. Bossert has been informed that the strength of Judge Comstock in other counties indicates that he will carry the district by 2,000. The district formerly had a Republican majority of about 3,500. James E. Watson once carried the district by 7,000 in a Republican landslide.

In Franklin county, a Democratic stronghold, where Mr. Bossert said he believed the Gray majority would dwindle from 800 to 500 he now believes Mr. Gray will have less than 500 and barely more than 400. This, coupled with dissatisfaction of friends of John M. Lontz, says Mr. Bossert, will make a Republican victory a certainty in this district.

## CONVENTION OF CLUB WOMEN OPENS

First Formal Session Tonight When President Gives Her Annual Address.

### CHANGE PLAN OF MEETING

(By United Press.) Indianapolis, Ind., Oct. 31.—Indiana women gathered in the Hoosier capital today for the annual meeting of the Federation of Women's clubs.

The first formal session of the association will be held this evening when Mrs. Caroline R. Fairbank, Ft. Wayne, president of the Federation, will make her annual address.

This morning, meetings of the executive council and the board of directions were held.

Presidents of the various clubs gathered this afternoon to discuss the proposition of holding bi-annual meetings instead of annual and specific work which the federation is to undertake during the coming year.

### INSECT FORCES UP COST OF WEDDINGS.

Indianapolis, Oct. 31.—Crab-like in form, but very uncrablike in its workings, an insect the size of a pin head is steadily forcing upward the cost of weddings and dances. The insect eats leaves from palm trees and causes a scarcity of the trees, according to State Entomologist Frank N. Wallace. The insect was brought to the United States from Holland, where owners of American green houses sent their orders for palms.
